

Capture - Gefangen

Von Ricchan

Kapitel 2: Capture

Capture

[Strophe 1]

A trip to the past
Takes you not far away enough
In concealed one remain
Until the way forms no more
And you'll sink
And you'll sink

[Strophe 2]

The past is based
Not only on your history
You cannot escape
Because too hard is the load of the worries
And you'll drown
And you'll drown

[Ref.]

*Fleeing so fast you can
Simply don't run away
Don't fight yourselves to the darkness
Or quite remain there
The contradicting understand
Does not help you here
You are capture
You are capture
Capture in the light of nothing*

[Strophe 3]

Running or not
Shouldn't be a question
Because thoughts and feelings
Steer you from quite only
And you go out

And you go out

[Stanza 4]

Hold your heart closed
And stay away from the reality
Do'nt get stuck on lies
Your life only complicate
And you break
And you break

[Ref.]

*Fleeing so fast you can
Simply don't run away
Don't fight yourselves to the darkness
Or quite remain there
The contradicting understand
Does not help you here
You are capture
You are capture
Capture in the light of nothing*

[Ref. 2]

*Fleeing so fast you can
Quite simply run away
Don't fight yourselves to the darkness
Go to another place
Don't flee please
Simply don't run away
Place yourself to the darkness
Quite simply remain there
The contradicting understand
Will help you maybe
You are capture
You are capture
Capture in the light of nothing*
