Kapitel 2: Two Sides of a Medal

i am light
i am dark
i am love
i am hate
i'm the sun and i'm the moon

this is just
how i feel
how i feel
i know its just insane
how i feel
how i feel
but just leave me be

i am chaos
i am order
i am death
i am live
i'm the hell and i'm the heaven

you see now what i am
nothing one can be
can be
i know i'm not human
so tell me what i am

i am cool
i am hot
i am rising
i am falling
i'm the sword and i'm the shield

i'm just going on my way
so just watch me now
i will not stay in this place
but be forever in this place

this place is my world
so dont get into it

i am sexy
i am ugly
i am high
i am low
i am the future
i am the past
i am here
i am there
i am living
i am dying
so just
just
just leave me alone!
